Professional Experience

Business Consultant - GTM Engineer & Strategic Advisor | Strategic Market Insights (self-employed) | July 2026 – Present
New York, NY · Advisory & GTM engineering practice · Key Engagement: healthcare AI start-up (confidential)

- Reconciled the client founder's four-pillar vision and three build memos into one staged roadmap: 12 recommendations, 4 stage gates, 8 board decisions.
- Produced the collateral the client sells with: pitch deck, competitive battlecards, partner negotiation sheets, and an eight-document executive round table.
- Analyzed 15+ direct, platform-bundling, and affiliation competitors against venture base rates to size the raise at \$1.5–3M and set go/no-go milestones.
- Advise the CEO and board of a healthcare AI start-up client, translating business, technology, regulatory, and workforce tradeoffs into board-ready decisions.
- Mapped a \$0.76B category growing to \$5.9B by 2035, benchmarked five comparables, and modeled four exit paths with base-rate odds and P&L forecasts.
- Authored the launch-readiness assessment that reset the execution sequence, converting five organizational gaps into a dated plan with named owners.
- Set the unit-economic gates the client runs on — CAC under \$900, payback under 12 months, churn under 5%, TTFV under 7 days — redirecting GTM to channel partners.

Advertising Sales Director - Pro-Division | Professional Sports Publications | March 2026 – August 2026
New York, NY · Print-Media Advertising Agency supporting all major professional and university sports teams (yearbook and program ad placement)

- Analyzed CRM opportunity keywords to track emerging-tech demand shifts and delivered a data analytics insights playbook to SVPs at a 12,000-employee firm.
- Mined macroeconomic ad-pricing data via AI research agents to map proximity-driven print/radio buying patterns and refocus targeting on co-op-funded buyers.
- Closed 5 signed NFL and MLB team-media partnerships, all paid in full at signing, including 2 accounts with no prior purchase history.
- Authored a board-ready memo framing a \$3,500 ask against 419 member businesses and 130K+ readers, written as the champion's own document.

- Built and maintained a ~\$115K active proposal pipeline through a diagnostic, discovery-first approach rather than a pitch-led one.
- Identified key decision-makers with ZoomInfo, LinkedIn Sales Navigator, and AI-assisted account mapping using OpenAI and Claude models.
- Analyzed competitor products and services against ROI benchmarks, building metrics frameworks (CPM, readership, audience reach) to strengthen positioning.

Specialized Lead - Data Analytics & Insights | TEKsystems |

2024 – November 2025

New York, NY · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Briefed Universal's Senior Director of Architecture and VP of Data & AI on architect scarcity using LinkedIn Recruiter and Boolean search data, strengthening pricing negotiations and reinforcing a client-partner relationship.
- Scoped and positioned AI, data, and cloud solutions — graph, Adobe Enterprise Suite, Azure, computer vision — translating capability into commercial terms.
- Sourced and staffed 8 solution architects across 8 workstreams on a 12-18 month renewable managed services engagement worth \$1M annually.
- Led a team of up to 5 direct reports inside a 30-person practice, coaching performance through daily process reviews and 1:1 metric sessions.
- Built the Media & Entertainment vertical GTM motion — discovery frameworks, opportunity taxonomy, CRM tagging — around CDPs, clean rooms, and ad measurement.

Enterprise Recruiter – Global Services Division | TEKsystems |

2021 – 2024

Boston, MA · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

Business Consulting Engagements

Healthcare Technology Start-Up (Confidential) / New York, NY / July 2026 – Present (Part Time)

Principal Business Strategist – GTM Plan, Business Architectural Roadmap, Blueprint to Obtain Necessary Funding – Healthcare FinTech Start-Up

- Produced the customer- and investor-facing collateral the company now sells with: pitch deck, competitive battlecards, partner negotiation sheets, and an eight-document executive round table with per-presentation talking points.
- Mapped a \$0.76B category projected to reach \$5.9B by 2035 (22.8% CAGR), benchmarked five direct comparables across four structural models, and built a decision tree of four exit paths with base-rate odds attached — including the cautionary comparable that won regulatory clearance and still failed on commercialization.
- Set the unit-economic gates the motion is now measured against: blended CAC under \$900, payback under 12 months, monthly churn under 5%, time-to-first-value under 7 days.
- Own go-to-market for an AI compliance product sold into independent clinical practices — segmentation, positioning, pricing tiers (\$99/\$249), channel strategy, and the sequencing that determines which motion gets funded first.

- Concluded that distribution — not product — decides the outcome, redirecting GTM toward malpractice-carrier and professional-association channel partnerships after modeling that a direct human sales motion cannot carry a 12–18 month CAC payback at those price points.
- Designed and launched a 30–40 interview customer discovery sprint to size real addressable demand — screener, interview guide, scoring rubric, and 150-practice candidate universe built from scratch — classifying prospects by platform dependence against a pre-agreed threshold that fires a documented kill/pivot decision instead of a debate.
- Built the multi-tenant, role-scoped client engagement tracker that runs the advisory practice using Claude Code — including 60 automated tests asserting cross-client data isolation — with no prior engineering background.
- Applied scenario planning and second- and third-order consequence analysis across business, technology, regulatory, and organizational exposure — surfacing downstream consequences before commitments locked in.
- Ran financial forecasting (P&L, tool-stack cost model, Year-1 ARR band) and barriers-to-entry analysis to price strategic alternatives before capital committed; recommended a ~\$2.15M non-dilutive federal funding route over an equity raise, tied to a dated decision gate.

HVAC Services Firm (Confidential) / Santa Clarita, CA / August 2026 – September 2026 (Part Time)

Consultant - Principal Analyst GTM Expansion

- Analyzed a proposed expansion site for a confidential HVAC services firm and delivered a feasibility roadmap and governance framework built on a cost-ceiling approach, giving leadership a structured basis for the expansion decision.
- Built a feasibility dashboard with kill/pivot triggers for an HVAC firm's market-overlap expansion, using cost-ceilings to curb cannibalization and protect profit.
- Analyzed a proposed expansion site for an HVAC services firm and delivered a feasibility roadmap and governance framework built on a cost-ceiling approach, giving leadership a structured basis for evaluating the expansion decision beyond the initial feasibility dashboard.
