Education

University of Maine Business School

B.S., Double Major in Finance and Marketing | Spring 2018

Professional Experience

Business Consultant - GTM Engineer & Strategic Advisor | Strategic Market Insights (self-employed) | July 2026 – Present

New York, NY · Advisory & GTM engineering practice · Key Engagement: healthcare AI start-up (confidential)

- Built the practice's multi-tenant client engagement tracker with Claude Code, with 60 automated tests enforcing cross-client data isolation.
- Built a custom CRM with GTM and prospecting connectors, automating weekly contact enrichment and account-research agents two-way synced to GitHub.
- Analyzed 15+ direct, platform-bundling, and affiliation competitors against venture base rates to size the raise at $1.5–3M and set go/no-go milestones.
- Authored the launch-readiness assessment that reset the execution sequence, converting five organizational gaps into a dated plan with named owners.
- Own go-to-market for the client's AI compliance product sold to independent clinical practices — segmentation, positioning, $99/$249 tiers, and channel strategy.
- Negotiated the engagement's terms directly, restructuring a 320-hour proposal into 166 hours at the same fee and pulling the key deliverable to Day 15.
- Concluded distribution, not product, decides the outcome, redirecting GTM to malpractice-carrier and professional-association channel partners.

Advertising Sales Director - Pro-Division | Professional Sports Publications | March 2026 – August 2026

New York, NY · Print-Media Advertising Agency supporting all major professional and university sports teams (yearbook and program ad placement)

- Partnered with multiple university VPs of Advancement on alumni and donor engagement, positioning ticket assets as a tool to deepen alumni connection.
- Proposed a CPA model to a university showing one enrolled student would cover the full cost of the advertisement while building brand awareness.
- Analyzed competitor products and services against ROI benchmarks, building metrics frameworks (CPM, readership, audience reach) to strengthen positioning.
- Added ~125 net-new qualified prospects per week to Salesforce through targeted account research and stakeholder mapping.

- Mined macroeconomic ad-pricing data via AI research agents to map proximity-driven print/radio buying patterns and refocus targeting on co-op-funded buyers.
- Built and maintained a ~$115K active proposal pipeline through a diagnostic, discovery-first approach rather than a pitch-led one.
- Identified key decision-makers with ZoomInfo, LinkedIn Sales Navigator, and AI-assisted account mapping using OpenAI and Claude models.

Specialized Lead - Data Analytics & Insights | TEKsystems | 2024 – November 2025
New York, NY · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Created Data Analytics and Insights Playbook giving Business Development and Outbound Sales reps market context and pre-qualification questions to sharpen requirements and close more deals.
- Lifted lead-to-opportunity conversion from 12% to 28% and CRM field completion from 55% to 89% with rebuilt discovery frameworks and CRM standards.
- Built the Media & Entertainment vertical GTM motion — discovery frameworks, opportunity taxonomy, CRM tagging — around CDPs, clean rooms, and ad measurement.
- Ran Salesforce-based win-loss reviews and aligned with business office Directors, Delivery leadership, and regional sales teams under shared department incentives.
- Presented Data Analytics and Insights Playbook at 12,000-employee company's Delivery Conference as a sales enablement resource, equipping reps for cross-functional selling.

Enterprise Recruiter – Global Services Division | TEKsystems | 2021 – 2024
Boston, MA · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Partnered with Nike's global supply chain team on in-season optimization, delivering an AI-powered document system.
- Tracked hiring-trend shifts in remote-work requirements through COVID, identifying incremental employer adaptation in the post-pandemic workplace.
- Produced more than half the revenue on Vertex Pharmaceuticals, the firm's largest regional growth account, and expanded into two new groups.
- Sourced, screened, and onboarded enterprise technical talent at scale across four years of professional recruiting.

Sales Development Representative / Inside Sales Rep | demandDrive (Amazon Business & RealPage) | 2018 – 2021
Waltham, MA · Outsourced SDR and Sales Representative firm. Key Engagements: SaaS product Propertyware for RealPage, Amazon Key for Business launch

- Ran a sequenced Marketo campaign targeting competitor-aligned audiences, driving inbound demand and more qualified meetings through pain-point messaging.
- Authored a territory-realignment and post-close operations model adopted company-wide, credited with 150% growth in the Amazon Key for Business launch.
- Delivered 200% of first-month quota (12 meetings vs. 6) on a net-new client engagement; named MVP of the Month.

Marketing and Product Development Intern | YRI Custom Designs | August 2016 – May 2017
Portsmouth, NH

- Wrote product marketing copy, website content, and social posts, and helped launch a premium leather accessories collection.

Credentialing & Certifications

- **Claude 101 Certification** — Anthropic
- **Claude Code 101 Certification** — Anthropic
- **Claude for CoWork** — Anthropic *(In Progress)*

Business Consulting Engagements

Healthcare Technology Start-Up (Confidential) / *New York, NY* / July 2026 – Present (Part Time)

Principal Business Strategist – GTM Plan, Business Architectural Roadmap, Blueprint to Obtain Necessary Funding – Healthcare FinTech Start-Up

- Implemented a staged delivery model with ownership attached to each stage, ensuring subject-matter experts in healthcare compliance and regulation owned the sign-off on technical builds, so every build aligned with the regulatory protocols it had to satisfy.

- Built the multi-tenant, role-scoped client engagement tracker that runs the advisory practice using Claude Code — including 60 automated tests asserting cross-client data isolation — with no prior engineering background.
- Own go-to-market for an AI compliance product sold into independent clinical practices — segmentation, positioning, pricing tiers ($99/$249), channel strategy, and the sequencing that determines which motion gets funded first.
- Concluded that distribution — not product — decides the outcome, redirecting GTM toward malpractice-carrier and professional-association channel partnerships after modeling that a direct human sales motion cannot carry a 12–18 month CAC payback at those price points.
- Ran financial forecasting (P&L, tool-stack cost model, Year-1 ARR band) and barriers-to-entry analysis to price strategic alternatives before capital committed; recommended a ~$2.15M non-dilutive federal funding route over an equity raise, tied to a dated decision gate.
- Produced the customer- and investor-facing collateral the company now sells with: pitch deck, competitive battlecards, partner negotiation sheets, and an eight-document executive round table with per-presentation talking points.
- Designed and launched a 30–40 interview customer discovery sprint to size real addressable demand — screener, interview guide, scoring rubric, and 150-practice candidate universe built from scratch — classifying prospects by platform dependence against a pre-agreed threshold that fires a documented kill/pivot decision instead of a debate.
- Set the unit-economic gates the motion is now measured against: blended CAC under $900, payback under 12 months, monthly churn under 5%, time-to-first-value under 7 days.
- Mapped a $0.76B category projected to reach $5.9B by 2035 (22.8% CAGR), benchmarked five direct comparables across four structural models, and built a decision tree of four exit paths with base-rate odds attached — including the cautionary comparable that won regulatory clearance and still failed on commercialization.
- Applied scenario planning and second- and third-order consequence analysis across business, technology, regulatory, and organizational exposure — surfacing downstream consequences before commitments locked in.

HVAC Services Firm (Confidential) / *Santa Clarita, CA* / August 2026 – September 2026 (pro bono)

Consultant - Principal Analyst GTM Expansion

- Built a feasibility dashboard with kill/pivot triggers for an HVAC firm's market-overlap expansion, using cost-ceilings to curb cannibalization and protect profit.
- Designed and built the engagement's decision system end-to-end: an intake form converting raw inputs into a structured client profile, source-tagged evidence tracking, pre-set go/no-go criteria, and a phase-gated scan list sequencing the full analysis.
- Analyzed a proposed expansion site for an HVAC services firm and delivered a feasibility roadmap and governance framework built on a cost-ceiling approach, giving leadership a structured basis for evaluating the expansion decision beyond the initial feasibility dashboard.

Core Competencies

- **Go-To-Market & Revenue:** client retention, GTM strategy, pipeline management, customer discovery, market segmentation, product positioning & messaging, value proposition development, revenue forecasting & KPI tracking, contract negotiation, proposal development, solution selling, account mapping
- **Research & Analysis:** Market landscape analysis, competitive intelligence, barriers-to-entry assessment, business process improvement, decision-tree modeling, financial forecasting (P&L), unit economics (CAC, payback, churn, TTFV), scenario planning
- **AI & Data:** Claude (Opus 5, Sonnet 5, Fable 5), OpenAI / ChatGPT, Microsoft Copilot, prompt engineering, GenAI & machine learning, AI governance & output verification, Claude Code, data analytics, Tableau
- **Tools & Platforms:** ZoomInfo, LinkedIn Sales Navigator, Miro, Canva, Salesforce CRM, Microsoft Excel & Office Suite, Trello
- **Funding & Commercial Mechanics:** non-dilutive federal grant strategy (SBIR), Restricted & tax-advantaged funding mechanisms (co-op, MDF, 501(c)(3)), managed services & RFP response, board & trustee engagement
