Professional Experience

Business Consultant - GTM Engineer & Strategic Advisor | Strategic Market Insights (self-employed) | July 2026 – Present
New York, NY · Advisory & GTM engineering practice · Key Engagement: healthcare AI start-up (confidential)

- Built the practice's multi-tenant client engagement tracker with Claude Code, with 60 automated tests enforcing cross-client data isolation.
- Built a feasibility dashboard with kill/pivot triggers for an HVAC firm's market-overlap expansion, using cost-ceilings to curb cannibalization and protect profit.
- Authored the launch-readiness assessment that reset the execution sequence, converting five organizational gaps into a dated plan with named owners.
- Produced the collateral the client sells with: pitch deck, competitive battlecards, partner negotiation sheets, and an eight-document executive round table.
- Mapped stakeholder intervention and sign-off criteria for a startup client, defining who owned gates and approvals across the engagement.
- Reconciled the client founder's four-pillar vision and three build memos into one staged roadmap: 12 recommendations, 4 stage gates, 8 board decisions.
- Own go-to-market for the client's AI compliance product sold to independent clinical practices — segmentation, positioning, \$99/\$249 tiers, and channel strategy.

Advertising Sales Director - Pro-Division | Professional Sports Publications | March 2026 – August 2026
New York, NY · Print-Media Advertising Agency supporting all major professional and university sports teams (yearbook and program ad placement)

- Closed 5 signed NFL and MLB team-media partnerships, all paid in full at signing, including 2 accounts with no prior purchase history.
- Qualified every prospect against the budget that can fund it — co-op, MDF, sponsorship, and 501(c)(3) dollars — opening 2 net-new accounts.
- Built and maintained a ~\$115K active proposal pipeline through a diagnostic, discovery-first approach rather than a pitch-led one.
- Added ~125 net-new qualified prospects per week to Salesforce through targeted account research and stakeholder mapping.
- Identified key decision-makers with ZoomInfo, LinkedIn Sales Navigator, and AI-assisted account mapping using OpenAI and Claude models.

Specialized Lead - Data Analytics & Insights | TEKsystems |

2024 – November 2025

New York, NY · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Led a team of up to 5 direct reports inside a 30-person practice, coaching performance through daily process reviews and 1:1 metric sessions.
- Scoped and positioned AI, data, and cloud solutions — graph, Adobe Enterprise Suite, Azure, computer vision — translating capability into commercial terms.
- Sourced and staffed 8 solution architects across 8 workstreams on a 12-18 month renewable managed services engagement worth \$1M annually.
- Helped stand up an Oil & Gas company's ML and AI Center of Excellence, applying sensor data to predict and detect gas outages.

Enterprise Recruiter – Global Services Division | TEKsystems |

2021 – 2024

Boston, MA · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Generated \$750K+ in annual revenue and won the company-wide sales contest in first full year against a national field.
- Produced more than half the revenue on Vertex Pharmaceuticals, the firm's largest regional growth account, and expanded into two new groups.
- Opened net-new managed services accounts at Wayfair and Disney's ESPN and Entertainment Technology organization from cold.
- Partnered with Nike's global supply chain team on in-season optimization, delivering an AI-powered document system.

Sales Development Representative / Inside Sales Rep | demandDrive (Amazon Business & RealPage) |

2018 – 2021

Waltham, MA · Outsourced SDR and Sales Representative firm. Key Engagements: SaaS product Propertyware for RealPage, Amazon Key for Business launch

- Authored a territory-realignment and post-close operations model adopted company-wide, credited with 150% growth in the Amazon Key for Business launch.
- Delivered 200% of first-month quota (12 meetings vs. 6) on a net-new client engagement; named MVP of the Month.

Business Consulting Engagements

Healthcare Technology Start-Up (Confidential) / New York, NY / July 2026 – Present (Part Time)

Principal Business Strategist – GTM Plan, Business Architectural Roadmap, Blueprint to Obtain Necessary Funding – Healthcare FinTech Start-Up

- Own go-to-market for an AI compliance product sold into independent clinical practices — segmentation, positioning, pricing tiers (\$99/\$249), channel strategy, and the sequencing that determines which motion gets funded first.
- Designed and launched a 30–40 interview customer discovery sprint to size real addressable demand — screener, interview guide, scoring rubric, and 150-practice candidate universe built from scratch — classifying prospects by platform dependence against a pre-agreed threshold that fires a documented kill/pivot decision instead of a debate.
- Concluded that distribution — not product — decides the outcome, redirecting GTM toward malpractice-carrier and professional-association channel partnerships after modeling that a direct human sales motion cannot carry a 12–18 month CAC payback at those price points.
- Set the unit-economic gates the motion is now measured against: blended CAC under \$900, payback under 12 months, monthly churn under 5%, time-to-first-value under 7 days.
- Mapped a \$0.76B category projected to reach \$5.9B by 2035 (22.8% CAGR), benchmarked five direct comparables across four structural models, and built a decision tree of four exit paths with base-rate odds attached — including the cautionary comparable that won regulatory clearance and still failed on commercialization.
- Produced the customer- and investor-facing collateral the company now sells with: pitch deck, competitive battlecards, partner negotiation sheets, and an eight-document executive round table with per-presentation talking points.

- Ran financial forecasting (P&L, tool-stack cost model, Year-1 ARR band) and barriers-to-entry analysis to price strategic alternatives before capital committed; recommended a ~\$2.15M non-dilutive federal funding route over an equity raise, tied to a dated decision gate.
- Applied scenario planning and second- and third-order consequence analysis across business, technology, regulatory, and organizational exposure — surfacing downstream consequences before commitments locked in.
- Built the multi-tenant, role-scoped client engagement tracker that runs the advisory practice using Claude Code — including 60 automated tests asserting cross-client data isolation — with no prior engineering background.
