Professional Experience

Business Consultant - GTM Engineer & Strategic Advisor | Strategic Market Insights (self-employed) | July 2026 – Present

New York, NY · Advisory & GTM engineering practice · Key Engagement: healthcare AI start-up (confidential)

- Advised on data agreements and post-discovery NDAs to protect IP and data rights in a proposed partnership, leading to a decision to decline over replication risk.
- Compared VC with research-grant funding and recommended an SBIR-funded route that met capital needs and limited equity dilution, yielding a gated 90-day sprint proposal toward funding lock.
- Built the practice's multi-tenant client engagement tracker with Claude Code, with 60 automated tests enforcing cross-client data isolation.
- Built a custom CRM with GTM and prospecting connectors, automating weekly contact enrichment and account-research agents two-way synced to GitHub.
- Mapped stakeholder intervention and sign-off criteria for a startup client, defining who owned gates and approvals across the engagement.
- Presented business architecture, GTM strategy, and SBIR application to CRO, COO, and Chief Clinical Officer, gating 17 items to funding lock.
- Authored the launch-readiness assessment that reset the execution sequence, converting five organizational gaps into a dated plan with named owners.
- Designed a RACI matrix and delegation/escalation protocols with CEO sign-off, governing IP decisions and board-ready recommendations.
- Ran weekly forecasting cadence via a central dashboard tracking sequenced GTM gates and owners, resolving blockers with the team.

Advertising Sales Director - Pro-Division | Professional Sports Publications | March 2026 – August 2026

New York, NY · Print-Media Advertising Agency supporting all major professional and university sports teams (yearbook and program ad placement)

- Built and maintained a ~$115K active proposal pipeline through a diagnostic, discovery-first approach rather than a pitch-led one.
- Added ~125 net-new qualified prospects per week to Salesforce through targeted account research and stakeholder mapping.
- Produced pitch decks for university, building materials and supply, and automotive prospects, using reach, engagement, CPA, and CPM metrics to justify ad spend.
- Identified key decision-makers with ZoomInfo, LinkedIn Sales Navigator, and AI-assisted account mapping using OpenAI and Claude models.

- Mined macroeconomic ad-pricing data via AI research agents to map proximity-driven print/radio buying patterns and refocus targeting on co-op-funded buyers.

Specialized Lead - Data Analytics & Insights | TEKsystems | 2024 – November 2025

New York, NY · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Ran team workshops on using internal and external tools to improve the quality of prospecting lists for assigned requirements.
- Partnered with Business Development on product specifications and customer outcomes, bridging the managed services Architectural committee and Customer Success for Universal Parks & Experiences.
- Interviewed candidates for a third-party data services client, screening technical aptitude and start-up fit, and closed the deal through a hiring-manager feedback loop.
- Interviewed newly onboarded recruiters alongside the Head of Delivery, assessing sales acumen, process, critical thinking, and cross-functional situation management.
- Qualified Southern Gas Company opportunity iteratively using BANT, assessing budget, current and future needs, and urgent timelines for a flex services Center of Excellence build-out.
- Lifted lead-to-opportunity conversion from 12% to 28% and CRM field completion from 55% to 89% with rebuilt discovery frameworks and CRM standards.
- Led a team of up to 5 direct reports inside a 30-person practice, coaching performance through daily process reviews and 1:1 metric sessions.
- Onboarded 3 Data Science and ML consultants to a Southern Company Gas flex services engagement, then ran monthly 1:1s to keep delivery on track.
- Ran Salesforce-based win-loss reviews and aligned with business office Directors, Delivery leadership, and regional sales teams under shared department incentives.

Enterprise Recruiter – Global Services Division | TEKsystems | 2021 – 2024

Boston, MA · Top firm for I.T. Staffing & Managed Services with flexible engagement types that work with 85% of Fortune 500 companies

- Partnered with Nike's global supply chain team on in-season optimization, delivering an AI-powered document system.
- Sourced, screened, and onboarded enterprise technical talent at scale across four years of professional recruiting.
- Tracked hiring-trend shifts in remote-work requirements through COVID, identifying incremental employer adaptation in the post-pandemic workplace.
- Opened net-new managed services accounts at Wayfair and Disney's ESPN and Entertainment Technology organization from cold.

Sales Development Representative / Inside Sales Rep | demandDrive (Amazon Business & RealPage) | 2018 – 2021

Waltham, MA · Outsourced SDR and Sales Representative firm. Key Engagements: SaaS product Propertyware for RealPage, Amazon Key for Business launch

- Authored a territory-realignment and post-close operations model adopted company-wide, credited with 150% growth in the Amazon Key for Business launch.
- Delivered 200% of first-month quota (12 meetings vs. 6) on a net-new client engagement; named MVP of the Month.

Business Consulting Engagements

Healthcare Technology Start-Up (Confidential) / *New York, NY* / July 2026 – Present (Part Time)

Principal Business Strategist – GTM Plan, Business Architectural Roadmap, Blueprint to Obtain Necessary Funding – Healthcare FinTech Start-Up

- Built the multi-tenant, role-scoped client engagement tracker that runs the advisory practice using Claude Code — including 60 automated tests asserting cross-client data isolation — with no prior engineering background.
- Produced the customer- and investor-facing collateral the company now sells with: pitch deck, competitive battlecards, partner negotiation sheets, and an eight-document executive round table with per-presentation talking points.

- Own go-to-market for an AI compliance product sold into independent clinical practices — segmentation, positioning, pricing tiers ($99/$249), channel strategy, and the sequencing that determines which motion gets funded first.
- Implemented a staged delivery model with ownership attached to each stage, ensuring subject-matter experts in healthcare compliance and regulation owned the sign-off on technical builds, so every build aligned with the regulatory protocols it had to satisfy.
- Advised a healthcare technology start-up on IP ownership and equity tradeoffs while it weighed two funding routes: venture capital and government-funded research through SBIR grants, clarifying what each route meant for ownership.
- Set the unit-economic gates the motion is now measured against: blended CAC under $900, payback under 12 months, monthly churn under 5%, time-to-first-value under 7 days.
- Concluded that distribution — not product — decides the outcome, redirecting GTM toward malpractice-carrier and professional-association channel partnerships after modeling that a direct human sales motion cannot carry a 12–18 month CAC payback at those price points.
- Designed and launched a 30–40 interview customer discovery sprint to size real addressable demand — screener, interview guide, scoring rubric, and 150-practice candidate universe built from scratch — classifying prospects by platform dependence against a pre-agreed threshold that fires a documented kill/pivot decision instead of a debate.
- Applied scenario planning and second- and third-order consequence analysis across business, technology, regulatory, and organizational exposure — surfacing downstream consequences before commitments locked in.

HVAC Services Firm (Confidential) / ***Santa Clarita, CA*** **/ August 2026 – September 2026** (pro bono)

Consultant - Principal Analyst GTM Expansion

- Designed and built the engagement's decision system end-to-end: an intake form converting raw inputs into a structured client profile, source-tagged evidence tracking, pre-set go/no-go criteria, and a phase-gated scan list sequencing the full analysis.
- Analyzed a proposed expansion site for an HVAC services firm and delivered a feasibility roadmap and governance framework built on a cost-ceiling approach, giving leadership a structured basis for evaluating the expansion decision beyond the initial feasibility dashboard.
- Advised an HVAC services firm seeking to expand its market presence by researching territory overlap geo-locationally. The analysis moved the firm's expansion plan toward a cost-ceiling approach, with investment limits set by where expansion territories overlapped.
