## PROFESSIONAL EXPERIENCE

### Founder, Business Consultant, and GTM Engineer | Strategic Market Insights

July 2026 – Present

New York, NY · Advisory & GTM engineering practice · Key engagement: healthcare AI start-up (confidential)

- Evaluated a channel partnership with an incumbent firm's CEO during build-vs-buy analysis, rejecting it to protect data rights and equity.
- Ran weekly forecasting cadence via a central dashboard tracking sequenced GTM gates and owners, resolving blockers with the team.
- Own go-to-market for the client's AI compliance product sold to independent clinical practices — segmentation, positioning, \$99/\$249 tiers, and channel strategy.
- Blocked a proposed EHR data migration as an uncompensated asset transfer, defining the NDA-to-BAA sequence that protected the client's data asset.
- Set the unit-economic gates the client runs on — CAC under \$900, payback under 12 months, churn under 5%, TTFV under 7 days — redirecting GTM to channel partners.
- Negotiated the engagement's terms directly, restructuring a 320-hour proposal into 166 hours at the same fee and pulling the key deliverable to Day 15.
- Built the practice's multi-tenant client engagement tracker with Claude Code, with 60 automated tests enforcing cross-client data isolation.
- Built a custom CRM from scratch with GTM and prospecting connectors, automated weekly contact enrichment, and account-research agents two-way synced to GitHub.

### Advertising Sales Director, Pro Division | Professional Sports Publications

March 2026 – August 2026

New York, NY · Official NFL & MLB team publication advertising and sponsorship

- Built and maintained a ~\$115K active proposal pipeline through a diagnostic, discovery-first approach rather than a pitch-led one.
- Owned the full sales cycle in a pure new-business role — prospecting, discovery, pricing, proposal, negotiation, and close — with no SDR layer.
- Restructured nine property-level commitments into one shared-cost regional placement across competing budget owners with no single decision-maker.
- Closed 5 signed NFL and MLB team-media partnerships, all paid in full at signing, including 2 accounts with no prior purchase history.
- Qualified every prospect against the budget that can fund it — co-op, MDF, sponsorship, and 501(c)(3) dollars — opening 2 net-new accounts.
- Added ~125 net-new qualified prospects per week to Salesforce through targeted account research and stakeholder mapping.
